product.

Pharmaceutical Good Manufacturing Practices in Active Pharmaceutical ...

The active pharmaceutical ingredient (API) is the part of any drug that produces the intended effects. Some drugs, such as combination therapies, have multiple active ingredients to

Where To Download

act in different symptoms
or act in different ways.
Production of APIs has
traditionally been done
by the pharmaceutical
companies themselves
in their home countries.
But in recent years
many corporations have
opted to send
manufacturing overseas
to cut costs.
